Walla Walla.

## EASY TO DARKEN YOUR GRAY HAIR

YOU CAN BRING BACK COLOR  
AND LUSTRE WITH SAGE  
TEA AND SULPHUR.

When you darken your hair with Sage Tea and Sulphur, no one can tell, because it's done so naturally, so evenly. Preparing this mixture, though, at home is messy and troublesome. For 50 cents you can buy at any drug store the ready-to-use preparation, improved by the addition of other ingredients, called "Wyeth's Sage and Sulphur Compound." You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning all gray hair disappears, and, after another application or two, your hair becomes beautifully darkened, glossy and luxuriant.

Gray, faded hair though no disgrace, is a sign of old age, and as we all desire a youthful and attractive appearance, get busy at once with Wyeth's Sage and Sulphur Compound and look years younger. This ready-to-use preparation is a delightful toilet requisite and not a medicine. It is not intended for the cure, mitigation or prevention of disease.

### AFTER TWO YEARS.

Pendleton Testimony Remains Unshaken.

Time is the best test of truth. Here is a Pendleton story that has stood the test of time. It is a story with a point which will come straight home to many of us.

G. W. Knight, retired farmer, 113 Franklin St., Pendleton, says: "For eight or ten years I was troubled by pains through my back and kidneys and sometimes in my sides. I had to get up several times at night to pass the kidney secretions and there was a great deal of sediment in them that looked like brick-dust. I tried a box of Doan's Kidney Pills and they soon relieved the backache and regulated the action of my kidneys." (Statement given May 17, 1910).

OVER TWO YEARS LATER, Mr. Knight said: "All I said about Doan's Kidney Pills when I recommended them several years ago, still holds good."

Price 50c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Knight has twice publicly recommended. Foster-Milburn Co., Props., Buffalo, N. Y.

Cor. Webb and Cottonwood Sts. Phone 547. Pendleton, Ore.

## WOOL SHIPPING STARTED FROM BAKER ON FRIDAY

PRACTICALLY ALL OF CLIP WILL BE FORWARDED TO BUYERS AT ONCE.

BAKER, Ore., May 29.—Wool shipping started from Baker Friday when two carloads were taken from the Handelman warehouse, operated by the Baker Mill & Grain Company, and billed out to eastern points. The wool included the Dave Lee clip, contracted by Barthold & Gerson, Neu-Karner, and the C. H. Colton and P. J. Wyatt clips, taken over by P. J. Brown.

The shipment leaves approximately 100,000 pounds in the warehouse, but more is expected within the next few days, as allotments from the ranches have just begun to come in. Practically all Baker county wool will be moved out as fast as it is received in the city, to fill contracts, while Grant county clips, which are just beginning to move, may be held for a time as a larger proportion from that section of the country is still unshorn.

## TURKS AND BULGARS TO BE OBJECTIVE OF BLOW

ALLIES PLANNING GIGANTIC SMASH TO ELIMINATE TWO NATIONS.

ROME, May 27.—A terrific smash, aimed to eliminate the Turks and Bulgarians from the war is the plan of the allies, according to reports current here. Heavy blows by the allies in Saloniki and Mesopotamia will be followed by a simultaneous offensive against the Austrian and German lines in an effort to win a victory over the central powers before the winter begins. Enormous forces of French, Italian, British and Serbian troops concentrated in Saloniki are awaiting the word to strike with what the allies hope will prove a death blow to the cause of the central powers.

In the near east the Russians are pressing forward toward Bagdad. Despite reports of initial Austrian successes in Tyrol the Italian public is confident that the outcome of the struggle will spell Italian victory. It was stated today that when the Austrian offensive began the Italians lacked guns heavy enough to successfully cope with the Austrian cannon. This deficiency has now been remedied.

### Thinks Peace Near.

COPENHAGEN, May 27.—Ambassador Gerard believes that peace proposals will assume a definite form in a few months, the correspondent of the Munich Zeitung declared today. As a result of the understanding with Germany on the submarine issue, American occupies absolutely a free position if requested to mediate, Gerard is quoted as saying. Early peace is just as important to neutrals as to belligerents. Therefore America feels obliged to do its utmost toward bringing peace.

**Catarrah Cannot Be Cured**  
with LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarrh is a local disease, greatly influenced by constitutional conditions, and in order to cure it you must take an internal remedy. Hall's Catarrh Cure is taken internally and acts through the blood on the mucous surfaces of the system. Hall's Catarrh Cure was prescribed by one of the best physicians in this country for years. It is composed of some of the best blood purifiers, combined with some of the best blood purifiers. The perfect combination of the ingredients in Hall's Catarrh Cure is what produces such wonderful results in catarrhal conditions. Send for testimonials, free. E. J. CHENEY & CO., Props., Toledo, O. All Druggists, 75c. Hall's Family Pills for constipation.

**CHICHESTER'S PILLS**  
THE DIAMOND BRAND  
Ladies! Ask your Druggist for Chichester's Diamond Brand Pills in Red and Gold wrapper. Bitter, coated with fine Bitter. Take one after. Buy of your Druggist. Ask for CHICHESTER'S DIAMOND BRAND PILLS, 25 years known in Great Britain. Always reliable. SOLD BY DRUGGISTS EVERYWHERE

## Sir Douglas Mawson and Companions Brave Antarctic Blizzards to Secure Moving Pictures

Expedition Sent Out by British Government to Adelie Land Secures Wonderful Moving Pictures of the Antarctic—Pictures Cost \$300,000 and Are Said to Be Most Expensive Films Ever Taken

Copyright, 1915, by Sir Douglas Mawson.

SINCE the year 1840 no sail had been within the antarctic circle over the 60 degrees of longitude until the Mawson expedition arrived in 1911, and before the year 1840 no evidence had been found that any human being had ever at any time been in that portion of the world, and the existence of land there has always been doubted by geographers.

While no human life existed in this newly discovered portion of the world, animal life abounds there, and in the waters fish live in greater numbers than in the tropics, which are popularly supposed to contain more aquatic life than colder waters.

The strangest of all these antarctic inhabitants is the penguin, and the motion pictures secured by Explorer Mawson show this half bird, half fish, in a most amusing and at the same time highly instructive manner. Having no experience with man, they were found to be remarkably tame, and exceptionally intimate views were secured. These films were secured for the Chautauqua at great expense and are said to be the most costly films ever made, costing over \$300,000.

## More Sheep Wanted For Ranges

Much Interest is Shown in Leading Districts of U. S.

PORTLAND, Ore., May 29.—The agitation for more sheep on the range has already reached nation-wide proportions and much interest is now shown in the leading districts.

Even the United States government has taken a hand in the matter. Some time ago the war department evolved the scheme of mixing the wool of black and white sheep with cotton to produce a new kind of cloth for the use of our army, but was unable to do so because of the fact that there were not enough black sheep to guarantee a sufficient and constant supply of black wool. The department has found itself facing a very peculiar situation, for it is meeting considerable difficulty in getting uniform cloth because of the shortage of livestock, and is looking about for a suitable substitute.

Not only is the question raised as to the supply of natural black or brown wools for the substitute cloth, but some fear has been advanced that there might even be a scarcity of white wool under the existing conditions in the wool market.

The present indications are that the senate will allow an additional \$25,000 for special demonstration work in the sheep and wool industries in farming sections, according to A. C. Bigelow, president of the Philadelphia Wool and Textile association, who conferred with Secretary Houston of the agricultural department and members of the senate and house of representatives.

## HOGS ALONE SHOWING CURTAILED SUPPLY AT N. PORTLAND YARDS

PORTLAND, Ore., May 29.—With the exception of swine there were large receipts of livestock at North Portland for the week. The gain in the marketing of mutton was comparatively small, but considering the coolness of the weather throughout the Pacific northwest, this was expected.

Even though there was only a fractional increase in the volume of mutton and lamb marketed, the trade was inclined downward and some small price losses were shown on their various offerings.

General shorn mutton and lamb range:  
Select spring lambs ..... \$ 9.50  
Best yearlings ..... 7.75  
Good to common wethers ..... 7.25@7.50  
Best ewes ..... 5.75@6.00  
Good to common ewes ..... 5.00@5.50

**Cattle Market Is Quiet.**  
A small increase was shown in the marketing of cattle at North Portland for the week with California a liberal contributor. In fact, with out the offerings from the south the receipts here for the week would have been comparatively limited.

In general the market for cattle is considered steady. Top grain feed and pulps have been absent but receivers are quoting former extreme values at \$9.

General cattle market range:  
Choice hay-fed steers ..... \$18.50@19.00

Choice grass steers .....	8.25@8.50
Ordinary to common steers .....	6.00@7.00
Choice cows .....	7.50@8.00
Ordinary to common cows .....	7.25@7.75
Choice heifers .....	7.00@7.75
Ordinary heifers .....	5.50@6.00
Good to fair bulls .....	4.00@5.00
Ordinary to common bulls .....	2.00@2.75
Best light calves .....	8.00
Good calves .....	7.00@7.50

**Hog Market Is Lower.**  
General depression was indicated for hogs at practically all leading American livestock centers for the week. While some of the points, which generally receive only a nominal supply at the best, were quoting only fractional losses, the American trade in general was depressed.

This brings to mind the assertion of one of the leading packers of the east that the country is paying famine prices for swine while there is no famine of supplies.

General hog market range:  
Choice light weights, nom. \$5.95@9.00  
Good light weights ..... 8.80@9.90  
Medium weights ..... 8.50@8.75  
Rough and heavy ..... 8.00@8.25

## PRICE CHANGES IN MARKET FOR CEREALS EXTREMELY LIMITED

PORTLAND, Ore., May 29.—Price changes in the wheat market at Portland or other Pacific northwest points were nominal for the last six days. On the Portland Merchants' Exchange bids for May wheat were unchanged at the closing with the exception of bluestem, which was up 1-2 a bushel.

Trading in the wheat market at interior points was of extremely limited volume during the week. Exporters practically quit the market because of the absence of ocean tonnage in transit and the accumulating charges for shipments via the Atlantic coast have made it unprofitable to operate away from home.

Foreign markets have been generally weak and lower for the six days. There was little disposition among English or French interests to take hold of cargoes except at still lower prices and even then the call was limited.

Oats market was rather steady but showed only limited price change during the week, closing unchanged. Barley showed little activity, but the showing of strength was quite pronounced. The local market closed the week with a gain of 50c a ton for feed over the initial prices on Monday.

Flour—Selling price: Patent, \$5.20; Willamette valley, \$4.90; local straight, \$4.60@5; bakers' local, \$4.80@5.20; Montana spring wheat, \$6.10; exports, \$4.50@4.70; whole wheat \$6.65; graham, \$5.40; rye flour, \$5.35 per barrel.

Hay—Buying price: Willamette valley timothy fancy, \$20; eastern Oregon-Idaho fancy timothy, \$21@22; alfalfa, \$21@22; vetch and oats, \$18; clover, \$16.

Grain sacks—1916 nominal No. 1 Calcutta, 13c in carlots; less amounts are higher.  
Rolled oats—\$6.50@6.75 per barrel.  
Rolled barley—\$31.50@32.50

## HIGH RECORDS MADE IN THE WOOL MARKET

BOSTON, Mass., May 29.—Business in wool continues at a low ebb locally but between moderate supplies on the one hand and prices attaining

there this season because of the depletion of the supplies by enormous purchases of late. It is stated that somewhat more than 1,000,000 pounds of fleece have been sold in that section recently at 22c to 26c a pound.

Officially are Acquired.  
WASHINGTON, May 27.—Charles Glover, Henry Fleather and William Fleather, officials of the Riggs National bank, were acquitted of perjury. The jury deliberated nine minutes.

SCENE FROM "THE KISS OF HATE" ALTA TUESDAY AND WEDNESDAY.

## CLASSIFIED DIRECTORY

### FUNERAL DIRECTORS.

JOHN S. BAKER, FUNERAL DIRECTOR and licensed embalmer. Opposite postoffice. Funeral parlor, two funeral cars. Calls responded to day or night. Phone 75.
